

Connecting Experience

Poverty around you

AGE GROUP

7+

AMOUNT OF PEOPLE

3+

TIME

1 – 2 HOURS

OBJECTIVE

To learn what kind of poverty there is in your area.

MATERIAL

n/a

Instructions

Get in contact with an organisation in the area that is working to help people in poverty. Invite someone from the organisation to come and talk to the participants about the work they're doing.

Encourage participants to ask questions to learn about the organisation and what it's doing to help in the area, who the volunteers are, why they do what they do, how you can help them.

If you're doing the ACT! Project from this section, you can use this talk to discuss ways your group can help the organisation and create a plan for your action project.
