Instructions

In groups, have participants research local charities and organisations and choose one to work with. If not possible, participants could create their own initiative.

Participants should create their own action to support that charity/idea, some suggestions are:

- ▶ a soup run or helping serve in a soup kitchen
- ▶ holding a clothes collection for a homeless charity
- ▶ collecting sanitary products for a women's refuge
- ▶ run a workshop to teach useful skills based on their charity or own idea
- ▶ raise awareness of the current situation locally and worldwide.

Encourage participants to take all the necessary steps in planning their action, including:

- ▶ contacting the charity/group their idea is aimed to help
- ▶ developing their idea and coming up with the necessary steps to achieve their goal
- ▶ create a plan for how to continue their work after the event
- ▶ making their own schedule etc.
