

Connecting Experience

Community Clean up

AGE GROUP

7+

AMOUNT OF PEOPLE

5+

TIME

2 - 3 HOURS

OBJECTIVE

To make a positive impact on their community, and work together to improve a space for everyone.

MATERIAL

Something to collect different types of rubbish in

Instructions

As a group, choose an area you think needs to be improved, this could be your local beach, park, main street or anywhere else in your area.

Create a plan for what you will do to tidy this area, what materials do you need? How can you ensure the rubbish you find is disposed of correctly?

If you want to take on a bigger project or area, consider doing a call out for members of your community to get involved or other Scout or Guide groups in your area.
