

Connecting Experience Biscuit Game

AGE GROUP

7+

AMOUNT OF PEOPLE

20+

TIME

20 – 30 MIN

OBJECTIVE

To explore global food distribution and discuss food inequality.

MATERIAL

30 biscuits (could also be done with squares of chocolate, small sweets etc).

Instructions

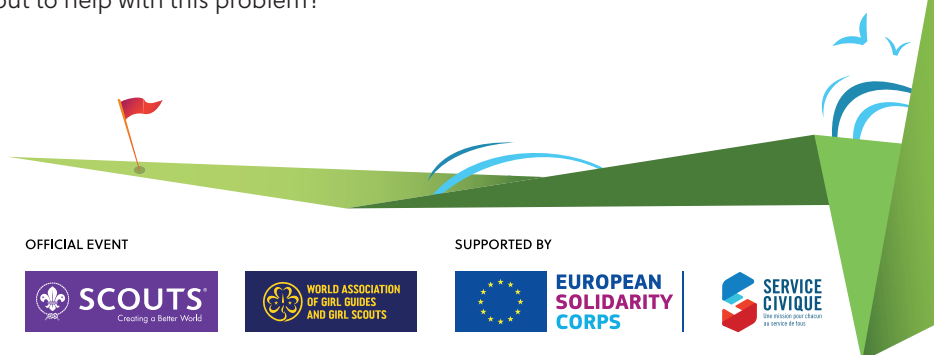

Divide the participants into groups (don't tell the groups that they represent the continents) and give each group a set of biscuits by the table below.

Group	No. Participants	No. Biscuits
Africa	3	1
Asia	11	4
South America	2	1
North America	1	10
Oceania	1	5
Europe	2	9

Let the groups decide themselves what way they want to divide the biscuits in their groups and leave them for a few minutes. Once they've finished start a discussion.

Debrief:

- ▶ What do you think your groups represent?
- ▶ Did you think this was fair? Why do you think some groups had so much and some so little?
- ▶ What did it feel like to be a group with more or with less biscuits?
- ▶ How did it feel to look at the groups that were different to yours?
- ▶ How did you divide the biscuits in your group? Did you share or ask for some from other groups?
- ▶ What is something you think could be done to make things fairer?
- ▶ Do you know about any charities or groups in your community that are working to help solve this problem?
- ▶ Is there anything you can do as a guide or scout to help with this problem?
