

Connecting Experience Renewable Energy

AGE GROUP

7+

AMOUNT OF PEOPLE

10+

TIME

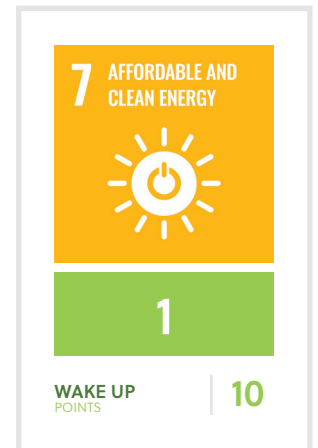

20 – 30 MIN

OBJECTIVE

To learn about hygiene and the importance of washing your hands correctly.

MATERIAL

Good handwashing practice cards

Instructions

Split the group into 2 teams, one is team renewable energy and the other is non-renewable.

The renewable team gets 1 ball, and the other gets the remaining 5.

The teams need to get their ball from one end of the hall to the other, without touching it with their hands or letting it touch the floor.

Each time the ball gets to the opposite end of the hall, the team gets 1 point.

Round 1 – First team to 5 points wins

Round 2 – Team with the most points after 2 mins wins

Rules

Renewable team

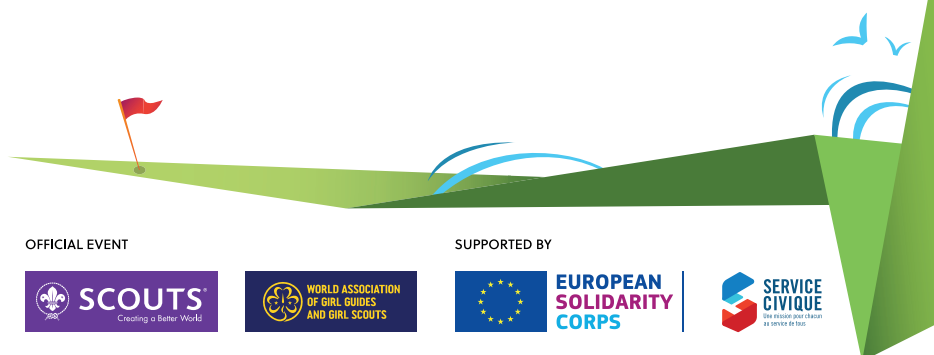

- ▶ This team has only 1 ball to use, when it gets to the other end of the room, they run with the ball back to the beginning
- ▶ If the team drops the ball, they can pick it up, but it must go back to the beginning

Non-Renewable team

- ▶ Has 5 balls to use, when it gets to the other end of the room it stays there, they cannot use the same ball more than once
- ▶ If the ball hits the ground, they can no longer use it

Debrief:

- ▶ Which way of playing did you think was easier? Why?
- ▶ Which way of playing do you think is better? Why?
- ▶ Can you name some sources of renewable energy?
- ▶ Can you name some sources of non-renewable energy?
- ▶ Do you think it's important to use renewable sources?
